Welcome to Nexus Maize

Nexus Maize is a contemporary corn flour brand in India. We produce degermed corn flour, maize grits, and delicious ready-to-cook corn flour recipes.

India is a vast country with a large population. So it needs a supply of nutritious and organic food at affordable costs. On the other hand, increasing pollution, industrialization, and decreasing soil quality have increased chemicals and reduced nutrition in food. This situation led to the birth of an organic corn flour brand in India with the name Nexus Maize.

Our Values

Nexum maize is now a rapidly growing corn flour brand in India, gaining immense popularity among organic food lovers. And we proudly say that our commitment to providing the best rice and maize-based products at competitive prices has made this possible.

Consumer interest first

We know that what we provide impacts the health of our customers. So we ensure that the maize we acquire is organic and the final product is of the best quality.

Sustainable production process

We encourage our raw material suppliers, i.e., farmers, to use organic farming. On our part, we use a production process that is identical to conventional ways but produces the maximum output. Thus we keep our carbon footprint to a minimum by following a sustainable production process.

Always listen to the customer

Our support team and experts are always ready to address the questions of our customers and distributors. It helps us improve our production process, product quality, delivery operations, and customer service.

Thus, at Nexus Maize, We manufacture the best quality degermed corn flour and all kinds of maize Grits. And we are on our way to starting delicious ready-to-cook corn flour recipes shortly.

Our Vision

Our vision is to be the first name in our customers' minds regarding tasty corn flour recipes. Nexus Maize wants to reach every corner of India and build an unbreakable connection with our clients.

Our Mission

To provide tasty and nutritious food products and become a part of the daily meal of every Indian.
